HARTING Selection Guide

har-port Service Interfaces

HARTING Selection Guide

har-port service interfaces

HARTING's *har*-port offers a sophisticated and visually appealing system for service interfaces to industrial machinery, switch cabinets, medical and building services technology.

In addition to time-saving installation with pre-connected patch cables, the wide range of accessories is particularly impressive: from snap-on label holders to protective covers in IP65 / IP67.

har-port

Easy access for service personnel.

Practical accessories (protective covers in IP65 / IP67 and label holders that can be snapped on retroactively)

People | Power | Partnership

- Usable for Ethernet 1/10 Gbit or USB 2.0 / 3.0
- Simple mounting with the M22 central fastening
- Practical accessories
